

Durable Medical Equipment (DME) Donations Now Accepted

Do you have a walker in your garage that's been there since your upgrade? Perhaps you no longer need a brace after recovering from surgery? Help it find a new home!

Donate any new or gently-used DME, and the Oklahoma ABLE Tech Device Reutilization Program staff will clean, refurbish (if necessary), and redistribute the DME to another Oklahoman in need, at no cost to them.

The program is 100% donation-based — community contribution is important! **The Lawton Public Library is excited to be a donation drop-off site in collaboration with Oklahoma ABLE Tech!** Devices may be donated during our regular business hours.

Learn more about the program at okabletech.org/donate
Make a difference in our community!
